Achieve Business Growth in a Slow Economy

In downturns entrepreneurs can be either one of the sectors hit the worst or the quickest to respond and profit. Our Mission is to offer practical back-to-basic and must-know information, strategies and principles. Ideal for business owners, downsized employees, home based businesses.

Mr. Bob of Cassels Marketing, Andy Belanger (the Business Coach) and Cher Cunningham from Clicktostart.com show you that success comes from small strategies with big returns that match up with the entrepreneurial, wears-every-hat-in-their-business reality.

- >> Get more business.
- >> Take control of your finances.
- >> Make decisions with more confidence.
- >> Develop an individual clear identity in a crowded marketplace.
- >> Understand how to eliminate unnecessary spending.
- >> Learn that who you are is why people are coming to you.
- >> Find and tap your major assets creating an entrepreneurial attitude that attracts business.
- >> Learn how to sell yourself.
